

DataBench

Virtual BenchLearning

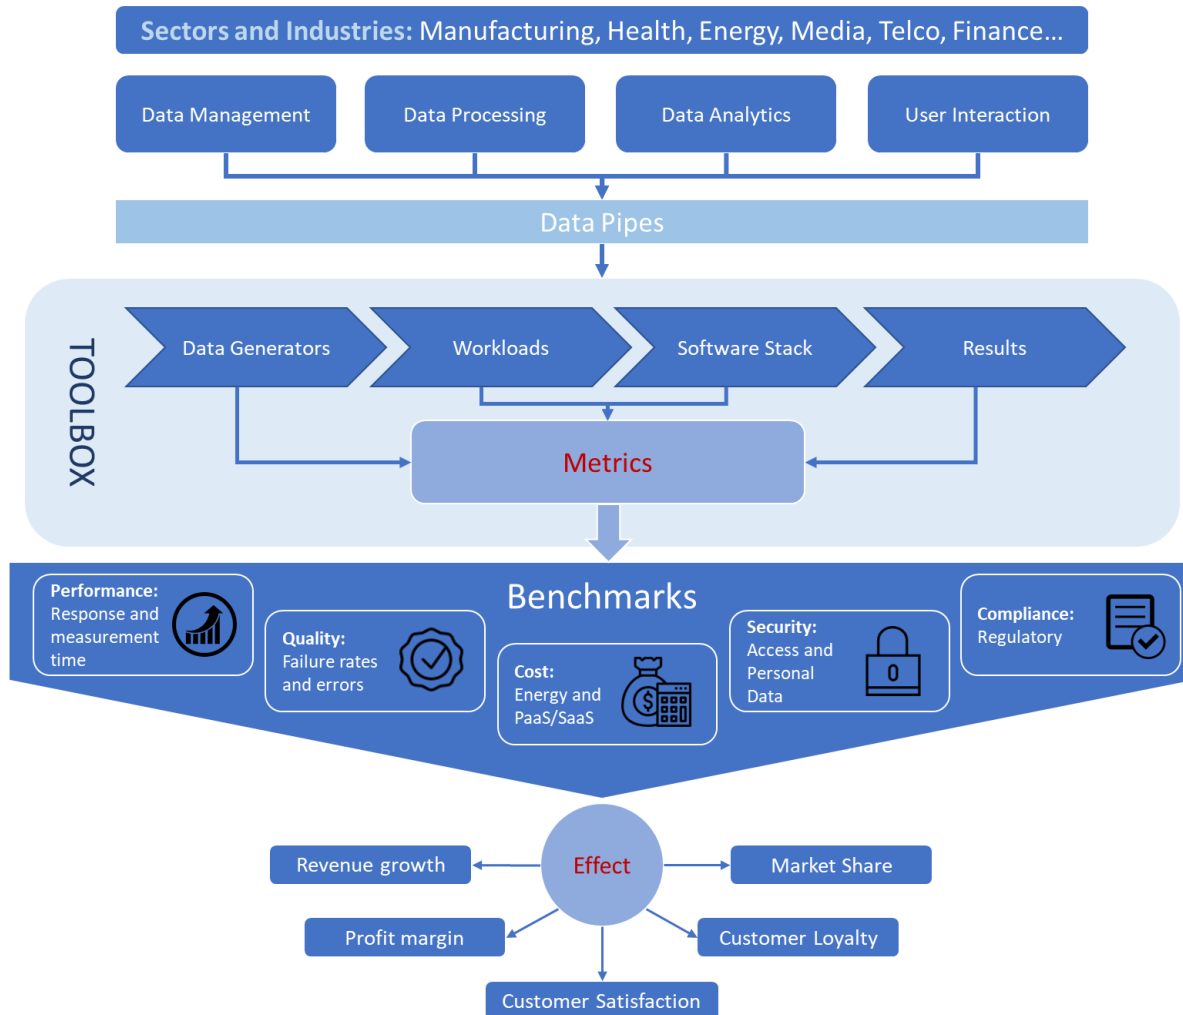

"Success stories on Big Data & Analytics use cases & DataBench Toolbox"

by Chiara Francalanci, associate professor of information systems at Politecnico di Milano, and Tomás Pariente, Head of Big Data & APC Unit at Atos Research and Innovation

May 28th, 2020
11:00 CEST

About DataBench

DataBench Outcomes

DataBench Framework

Including a complete set of metrics for Big Data Technologies assessment

Multiple Analysis

Assessing the European and industrial significance of the Big Data Technologies examined by the project

DataBench Toolbox

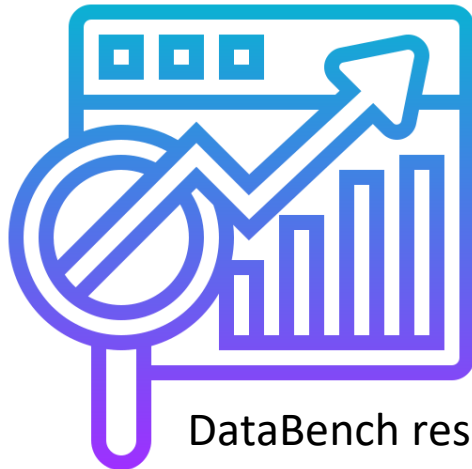

A tool to connect and evaluate external initiatives

DataBench Handbook

Providing guidelines to the use of the project's results, Framework & Toolbox, describing metrics implementation and benchmarks

Virtual BenchLearning

DataBench results

Engagement
with the community

Test results

Past Virtual BenchLearning

“Big Data – Benchmark your Way to Excellent Business Performance” by Gabriella Cattaneo and Erica Spinoni from IDC

<https://www.databench.eu/webinars/>

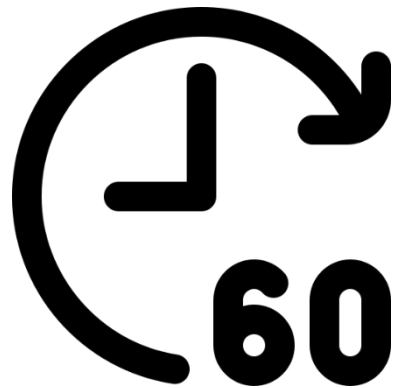

UPCOMING ACTIVITY

June 22 - 11.00 to 12.00

DataBench Workshop – “Assessing the Impact of Big Data Analytics and AI”

BDV PPP Going Virtual

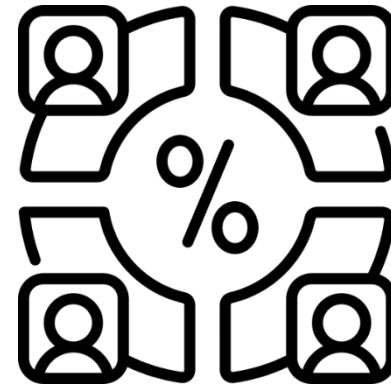

Keep in mind

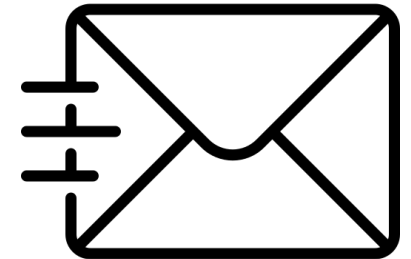

Q&A after the presentation

Ask your questions on the chat box

Answer the poll questions

We will send you the presentation and other material in the upcoming days
